MEMORIAL BENCH & TREE PROGRAM

The Community of Sun Rivers Owner Association (CSROA) Memorial Bench and Tree program allows residents to memorialize a loved one or commemorate a significant group, birthday, marriage, anniversary or event such as an achievement award.

Residents can provide a unique dedication by placing a plaque in front of a tree or a bench in one of the community locations available. The placement of benches and trees provides a lasting remembrance in honour of a loved one, individual, or group.

This program enhances the meaning of the bench or tree to community members and is a valuable contribution to the common spaces in the community. This generous gift will be recognized and appreciated by people of all ages who live and visit our community and use the walking trails and common spaces.

Program costs covered by donor include:

- 1 **BENCH** *(starting at \$500⁰⁰ dependent on location and bench style)*
- 2 **TREE** *(starting at approximately \$300⁰⁰ depending on location)*
- 3 **PLAQUE & INSTALLATION** *(depends on plaque selected, amount of text and design)*

Maintenance costs will be covered by the CSROA as a benefit to the community.

Requested locations are approved by the CSROA Board of Directors and would ideally include along area trails, cart paths, sidewalks, detention ponds and other common spaces.
