

# BIG HORN GOLF AND COUNTRY

## Access to Golf Cart Paths – Open

That time of year has arrived again where we have closed the course to golfers for the season. This means the community can access at their own risk without the peril of a golf ball hitting them...

The community is now welcome to access the golf course property at their own risk for walking purposes until we open for the 2024 season of golf.

We do ask that you stay on cart paths wherever possible, if that is not possible, please stay in the longer grass. Please avoid times with frost as this can damage the plant. If you are walking a pet, please keep it on a leash and clean up after them.

Kind Regards,

Director of Player Services

Bighorn Golf & Country Club.
